Debit Cards

All Union Bank Debit Cards come with a variety of purchase and travel insurance or service [benefits](#) and our consumer debit cards also earn points in our [Scorecard Rewards](#) program for signature-based (*credit* vs. debit) purchases.

Our staff will inform you of the initial PIN (Personal Identification Number) for your first Union Bank debit card (or one that replaces a lost card). You need to change this to a more secure four digit PIN at a Union Bank ATM or by calling 800.448.8268. Your debit card has withdrawal limits to protect against fraud. (See chart). When necessary, you may request a temporary increase to your limits.

Card Type	Cash Limit per day	Purchase Limit per day
MasterCard Debit (Enhanced)	\$300	\$1,500
World Debit Card (Advantage)	\$500	\$1,500
Debit Business Card	\$500	\$3,000
Health Savings Account (HSA)	\$250	\$1,500

These limits are for a 24-hour period ending 3:30pm ET

Please advise us when you are traveling out of the region to help assure uninterrupted use of your card. If you are ever declined for a signature-based purchase (the *Credit* choice), please try utilizing your PIN (the *Debit* option) to authorize the transaction.

If your debit card is lost/stolen or if you notice fraudulent transactions, please immediately contact Union Bank at 800.753.4343 or our 24-hour fraud watch service at 800.264.5578. International Callers: 412.552.2698.
